

Drug ARM's Schoolies Crew is now recruiting volunteers !

Be part of our team that helps over 40,000 young people keep safe over the 2017 Gold Coast Schoolies Week

Recharge Zone Volunteer:

Recharge Zone Volunteers help Schoolies by handing out free cups of water and providing a break from the high energy events. The Zone is a friendly place to chill out if Schoolies are in emotional distress. We also provide information, referrals and basic first aid.

Research Volunteer: Important Info:

The Research Team are our fittest volunteers. They walk through the Schoolies Zone and engage with Schoolies to conduct research on the risky decisions that they make during the week.

- The Schoolies Team helps over the evenings of the first week of Schoolies
- You can volunteer for any number of evenings, but due to accomodation we ask that you consider doing a couple
- You need to be over 18 years of age and hold a valid Blue Card (If you do not have a Blue Card - we can help with that)
- Mandatory training for all volunteers will be held in early November 2018.

Free accomodation for volunteers coming from outside the Gold Coast area
